Create a Patient Portal account

Enjoy all the options offered by LUX MED online

Are you a LUX MED Patient but still don't use the Patient Portal? You can now gain access to it remotely! We will securely confirm your identity based on your bank account details, thus making life easier for you.

Create a Patient Portal account and take care of your health without leaving the comfort of your home!

- Book Telephone Consultations, in-person visits and examinations
- Book rehabilitation procedures (based on referrals from LUX MED physicians)
- Collect test/examination results
- Use Online Consultations via chat, voice call or video call
- Cancel appointments
- Check the list of booked appointments/ examinations
- Register for occupational medicine examinations
- Order e-Prescriptions
- Check e-Referrals
- Read the physician's instructions
- Use the 'Ask Your Doctor' function after a visit you attended
- Add your own photos or documents which will make it easier for a physician to make a diagnosis during a Telephone Consultation
- Gain access to your medical history

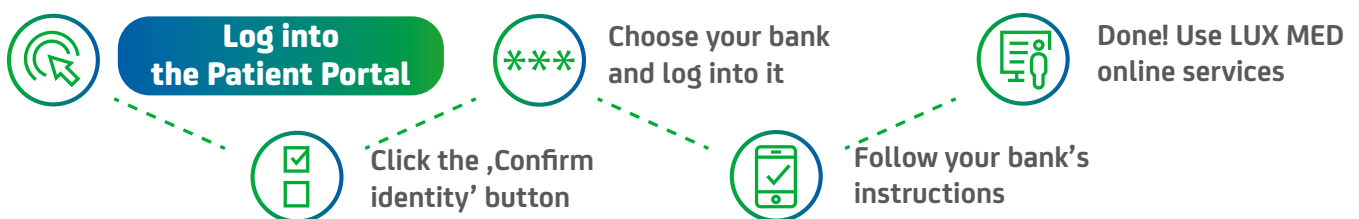

What you need to do to be able to use the full version of the Patient Portal

In order to have access to the Portal's full functionality, you should create a basic level account on the Patient Portal. Next, just confirm your identity.

You can do this:

- on the Patient Portal (if you are 18 or over),
- by phoning the Call Center,
- by visiting <https://www.luxmed.pl/lp/zalozportalpacjenta/>,
- in a facility.

Look how simple it is:
